

MAHRO'S MAINTENANCE ADVISORY COMMITTEE

For over twenty five years MAHRO'S Maintenance Advisory Committee has been available to all MAHRO member PHA's to assist them with Maintenance related problems. Most PHA's maintain units that are over thirty years old and some parts and equipment are very difficult to find. If you are having trouble locating certain replacement parts or have equipment that's outdated or extinct, chances are that someone on the committee can help you locate them. If you just have a continued problem with some type of maintenance repair, they may be able to help you figure it out. MAHRO has provided this service for a very long time but most PHA's didn't know that the service is available to them at no charge.

If you need assistance for any reason please don't hesitate to contact the Co-chairs of MAHRO's Maintenance Committee. If they can't help you they can find someone who can.

MAHRO's Maintenance Advisory Committee:

Donald Martin – Mississippi Regional Housing Authority VI – 601-714-3950

Ray Jackson – Natchez Housing Authority – 601-446-5301
